### Eight Civilians Killed in Ghazni Mortar Attack: Official

Five children and three women were killed in the mortar attack in the city of Ghazni this evening, officials said.

At least eight civilians were killed and seven more were wounded after three mortars hit near residential houses in Naw Abad area in the city of Ghazni this evening, the provincial police spokesman Wahidullah Juma said. He said that the incident happened when the first mortar "shelled by the Taliban" hit a house in the area and that the two others hit the area when the people gathered to help those affected. He said that nine children and four women are among those killed and wounded in the incident. Taliban has not commented on the statement...

### The Iraqi army thwarts an ISIS attack in Khanaqin

Shafaq News / The Iraqi army thwarted on Sunday an ISIS attack on a point in Khanaqin district of Diyala governorate. A security source told Shafaq News Agency, "members of ISIS attacked a military location of the First Army Commandos Regiment on the outskirts of the village of Sherak in Khanaqin district," explaining, "the Iraqi army forces thwarted the attack without sustaining any injuries or losses." "The attackers withdrew after the attack was repelled," the source added. The frequency of attacks by ISIS militants has increased since the beginning of this year against civilian and military targets, raising concerns among the residents over the return of ISIS reign.

### The Latest: Global coronavirus case total tops 50 million

The coronavirus has hit another sobering milestone: more than 50 million positive cases worldwide since the pandemic began. Johns Hopkins University's coronavirus tracker reported more than 50.2 million COVID-19 cases globally as of Sunday. There have been more than 1.2 million deaths from the disease worldwide since the pandemic started. The U.S., with about 4% of the world's population, represents almost a fifth of all reported cases. The country has had more than 9.8 million cases and more than 237,000 deaths from the virus since the pandemic started, according to Johns Hopkins University's data. Coronavirus cases and deaths also continue to soar in the U.S., as they are in many countries. The U.S. reported more than 126,000...
