Mine explodes, damaging oil tanker off Saudi Arabia

DUBAI, United Arab Emirates (AP) — A mine in the Red Sea off Saudi Arabia's coast near Yemen exploded and damaged an oil tanker Wednesday, authorities said, the latest incident targeting the kingdom amid its long war against Yemen's Houthi rebels. The blast happened before dawn and struck the MT Agrari, a Maltese-flagged, Greek-managed oil tanker near Shuqaiq, Saudi Arabia. "Their vessel was attacked by an unknown source," a statement from the Agrari's operator, TMS Tankers Ltd., said. "The Agrari was struck about 1 meter above the waterline and has suffered a breach. It has been confirmed that the crew are safe and there have been no injuries." did not comment on the incident. The ship was still floating off the coast and had been...

UN Security Council Holds First Meeting On Ethiopia's Tigray

Source

BARRON'S

The UN Security Council's first meeting on the conflict in Ethiopia's dissident Tigray region ended without members issuing a statement Tuesday. European members forced the closed-door discussion to be held after African countries pulled out of organizing the meeting at short notice, highlighting divisions over Security Council action on the three weeks of fighting. "South Africa asked for time so that the envoys can conduct their consultations and refer the matter to the African Union. A statement could complicate the situation," an African diplomat said after the session. A European diplomat, also speaking on condition of anonymity, said the Europeans "expressed their concerns, condemned violence of an ethnic nature and demanded..."
