100 jihadists killed in joint French-Malian offensive in central Mali, says army

A hundred jihadists were killed this month in a joint Franco-Malian offensive in the West African country's lawless centre, the Malian army said Tuesday. "One hundred terrorists were neutralised, about 20 captured and several motorbikes and war equipment were seized" during the operation with France's Barkhane force, which aims to eradicate jihadists in the Sahel region, the Malian army said on its website. Mali has been struggling with a jihadist insurgency that broke out in the north of the country in 2012 before spreading to the centre and then to Burkina Faso and Niger, often inflaming ethnic rivalries. France, Mali's former colonial ruler, first intervened in the country in 2013 to help drive back jihadist forces advancing on Bamako. It now...

Covid vaccine hopes lift IMF's global growth forecast

Hopes of a "vaccine-powered" pick-up in activity later this year have led the International Monetary Fund (IMF) to upgrade its forecast for global economic growth in 2021. The IMF's new global forecast is for growth of 5.5% this year and 4.2% in 2022. For the UK, the growth forecast for this year has been lowered to 4.5%. However, the IMF now thinks the UK's contraction last year was not as deep as it had previously estimated. That said, the estimated 10% contraction in the UK was still, according to these IMF figures, the largest of the G7 group of leading rich economies. The global upgrade reflects - in addition to vaccine developments - government spending measures announced towards the end of last year, especially in the United States
